So think now about all the **vigorous** activities which take **hard physical effort** that you did in the last 7 days. Vigorous activities make you breathe much harder than normal. Think about the activities you do at work, as part of your house and yard work, to get from place to place, and in your spare time for recreation, exercise or sport.

So think now about all the **vigorous** activities which take **hard physical effort** that you did in the last 7 days. Vigorous activities make you breathe much harder than normal.
